Why Do Cattle Panel Prices Vary Across the USA?

What You Need to Know Before You Buy!

BRAZZEN: A LEADING FORCE IN THE LIVESTOCK EQUIPMENT INDUSTRY

- 1 Thicker Rails & Posts:** Brazen panels use 0.059in thick oval rails and 0.067in thick posts, ensuring durability.
- 2 Standard Weight:** Each panel weighs 97lb (44kg), providing solid, reliable support.
- 3 Superior Dimensions:** Brazen panels have 2.76x1.57in oval rails and 1.97x1.97in posts, compared to smaller, thinner options on the market.
- 4 Full C Cleats:** Panels feature full C cleats on both sides with rubber inserts to prevent rattling, unlike half-pin cleats used by competitors.

- 5 High-Quality Galvanization:** High-Quality Galvanization: Brazen Posts are Hot Dipped Gal, with a coating, which is over 200gms/m² and the rails are over 80gms/m² for 2.36"x1.18" (60mm x 30mm) & 2.75"x1.57" (70mm x 40mm), and over 120gms/m² for 4.53"x1.65" (115mm x 42mm), significantly more than standard 20gms/m² coatings.
- 6 Salt-Tested Welds:** Select welds undergo salt testing to ensure long-lasting durability.
- 7 Anti-Rust Measures:** Welders use spatter rubbers to prevent hidden rust-causing spatter on rails and posts.
- 8 Brazen Branding:** Every panel includes the Brazen logo on the caps of all posts for authenticity.

NEXT TIME YOU CHOOSE A CATTLE PANEL, ASK YOURSELF: IS IT A BRAZZEN CATTLE PANEL?

HEAD CATCHER

- Ideal for use with two cattle panels and a sliding gate to create a budget chute
- Easy to operate ratchet system
- Head Catcher is 2.5 ft inside and 2.79 ft outside

• Optional Baulk Gate

HEAD CATCHER PREMIUM

HEAD CATCHER

HEAD CATCHER SELF-CATCHING

		Width	Depth	Height	Weight
Head Catcher	CHB	2'9"	10"	6'11"	265lb
Head Catcher Premium	CHBP	2'9"	10"	6'11"	400lb
Head Catcher Self-Catching	CHBSC	3'1"	14"	6'7"	310lb
Baulk Gate	CGBAULK		3'3"	3'3"	46lb

HOBBY CHUTE

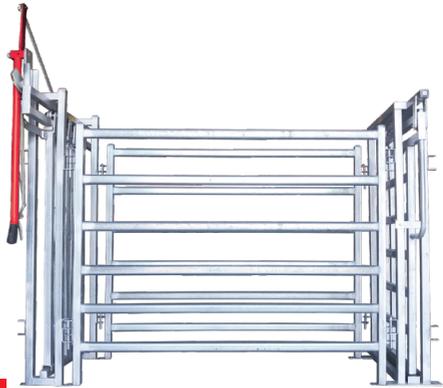

- Ideal for the Hobby Rancher
- Simple Construction
- Portable
- Easy Operating Sliding Gate
- Anti-Bruise Oval Rail Panels

You can DIY the Hobby Chute according to your needs:

- Sliding Gate Options: Standard, Premium, Blind
- Cattle Head CATCHER Options: CHB, CHBK (CHBK only works on chute with vet section)
- Side Option: Two sides panel, two sides panel gate, or one side panel with one side panel gate, with vet section or without

Base Model Kit Includes:

- 1x Cattle Head Catcher
- 2x Cattle Panels
- 1x Cattle Sliding Gate

	Length	Depth	Height	Weight
Hobby Chute CCH	8'	2'9"	7'6"	582lb

HOBBY CHUTE WITH VET

Kit includes:

- Standard Cattle Slide Gate 1xCGSS
- Standard Cattle Head Catcher 1xCHB
- Chute Side Panel 10' 1xCPC3.0
- Chute Side Panel Gate 10' 1xCPCG3.0

	Width	Depth	Height
Hobby Chute with Vet CCHV	11'11"	2'9"	8'6"

HOBBY CHUTE BLINDED WITH VET

Kit includes:

- Standard Cattle Slide Gate 1xCGSS
- Cattle Head Catcher with Long Handle Kits 1xCHBK
- Chute Side Panel Blinded 10' 1xCPCB3.0
- Chute Side Panel Gate Blinded 10' 1xCPGCB3.0

* CHBK Head Catch This Kit Only

Width	Depth	Height

PREMIUM FULL SQUEEZE CHUTE

- Sheeted head catcher & bottom side gates for operator and animal safety
- Auto lock rear sliding gate
- Innovative silent operation
- Walk through vet section
- Parallel squeeze
- 2x large access doors
- Neck inspection doors
- Front & rear head catcher operation
- Supplied in flat pack

		Length	Width	Height	Weight
Squeeze Chute	CCPSFP	11'11"	2'9"	7'	2359lb
Optional Roof - Large	RCL	13'8"	13'11"		454lb
Optional Roof - Small	RCS	7'6"	12'4"		265lb

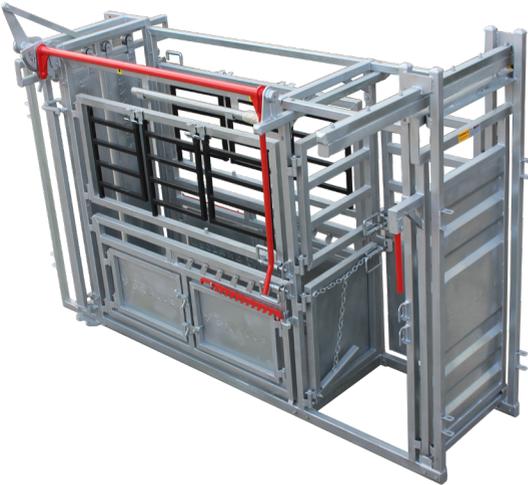

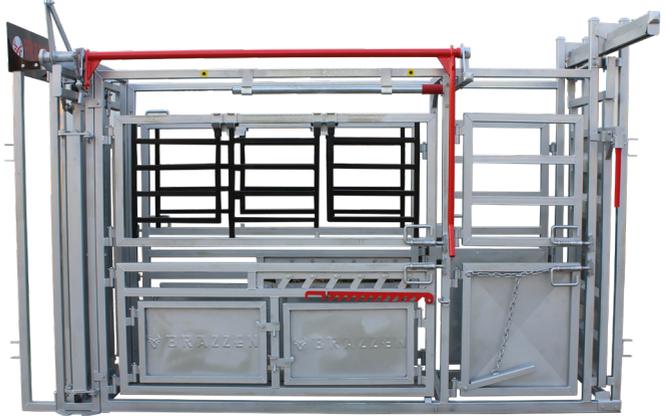

Roof RCS Ensure the Chute is bolted down if the roof is attached.

* Optional Small and Large Roof

PREMIUM CHUTE

- 3mm gauge steel frame
- Walk through vet section
- Kick latch
- Rump squeeze
- New design allows safer access to rear of animal
- Triple top gates allowing full access along animal
- Double lower doors on each side for hoof access
- Sheeted sliding gate
- Long ratchet rump bar mechanism
- Auto lock rear sliding gate
- Supplied in flat pack

• Optional Small And Large Floor For STANDARD and PREMIUM Chute

CCFL + CCFS

		Length	Depth	Height	Weight
Premium Chute	CCPPF	11'	2'9"	7'6"	1512lb
Floor - Large	CCFL	6'8"	2'5"	2"	454lb
Floor - Small	CCFS	3'	2'5"	2"	265lb

STANDARD CHUTE

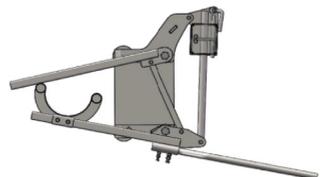

- Sheeted bottom side gates for operator and animal safety
- Triple top gates allowing full access along animal
- Auto lock rear sliding gate
- Adjustable rear handle
- Walk through vet section
- Supplied in flat pack

- Optional Small And Large Floor For STANDARD and PREMIUM Chute

CCFL + CCFS

		Length	Depth	Height	Weight
Standard Chute	CCSFP	11'11"	2'9"	7'6"	1411lb
Baulk Gate	CCL				101lb

- Optional Chin Lift of STANDARD and PREMIUM Chute
- Offside Chin Lift Available

ADJUSTABLE RAMP

- Fully adjustable height for trailer to truck loading
- Designed to suit all cattle pens
- Optional, detachable, personnel walkways available
- Minimum Ramp Height - 2'2" (26")
- Maximum Ramp Height - 4'2" (50")

STANDARD RAMP

Optional Walkway Kit Available

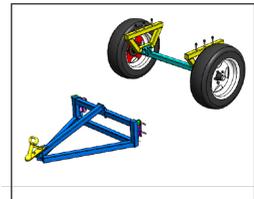

Optional Walkway Kit With Safety Rail Available

PREMIUM RAMP

STANDARD RAMP WITH MOBILE KIT

		Length	Depth	Height	Weight
Standard Ramp	CRFP	10'9"	2'9"	11'	732lb
Premium Ramp	CRPFP	10'9"	2'9"	11'	853lb
Standard Ramp WPC	CRTFFP	10'9"	2'9"	11'	869lb
Premium Ramp WPC	CRPTFFP	10'9"	2'9"	11'	993lb
Walkway Kit With Safety Rail	CRWK600F	10'3"	2'2"	5'11"	216lb
Walkway Kit	CRWK	11'4"	1'		71lb
Cattle Ramp Mobile Kit	CRKM				150lb

PREMIUM MOBILE RAMP

- Robust construction
- 1x3.6m mobile cattle ramp
- Easy setup and quick conversion for towing
- Holds 12x portable cattle panels (not included)
- The premium floor is WPC (Wood Plastic Composite) Board

PANELS NOT INCLUDED WHEN ORDERING

	Length	Depth	Height	Weight
Premium Mobile CRPM	17'6"	7'4"	8'9"	1534lb

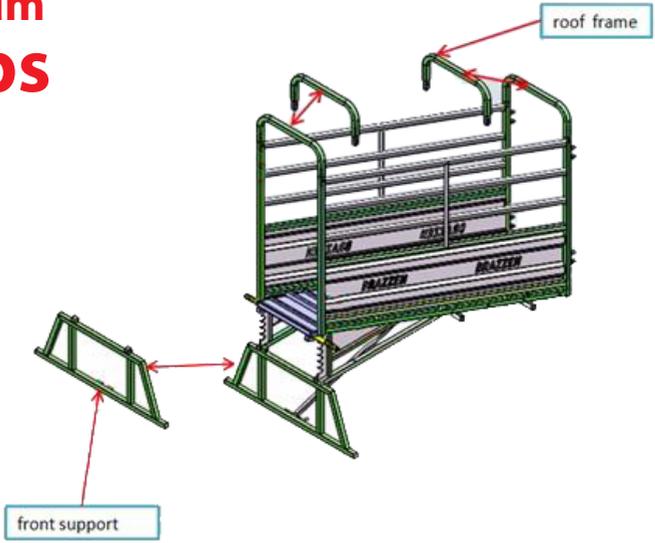

Differences Between Standard & Premium Cattle Ramps

Standard Cattle Ramp:

Side Fence (left and right), Roof Frame, Front Support, Frame Structure is made of 50*50 square tubes (green color)

Premium Cattle Ramp:

Side Fence (left and right), Roof Frame, Front support, Frame Structure is made of 60*60 square tubes (green color)

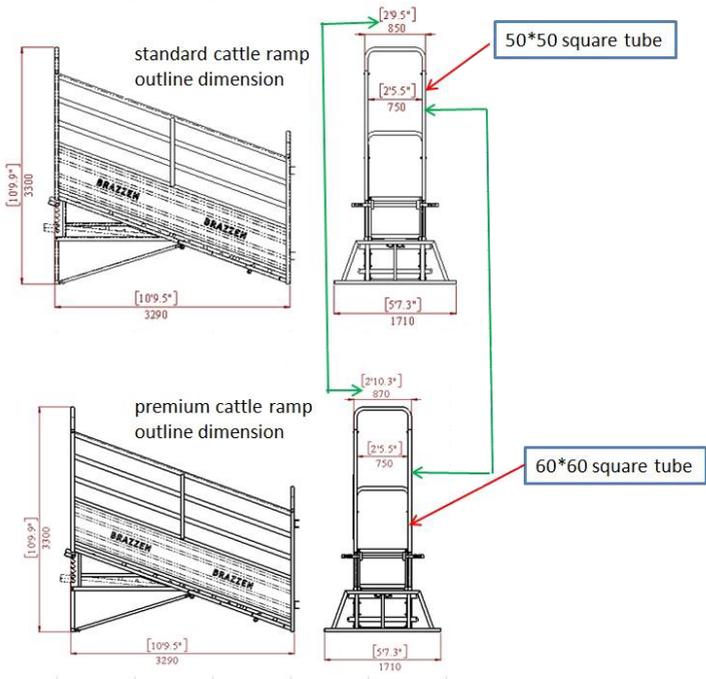

Standard and Premium ramps have the same outline dimensions, except as noted below, yet they have different weights.

The rest are the same for these two ramps.

1. Cattle Walkway Inner Dimensions: Both standard and premium cattle ramps have the same inner dimensions: 2'5"

2. Cattle Walkway Outer Dimensions: Standard cattle ramp's cattle walkway outer dimension is 2'9"

Premium cattle ramp's cattle walkway outer dimension is 2'10"

HEAVY DUTY CATTLE RAMP

- Heavy-duty steel construction ensures it can handle even the toughest outdoor conditions
- Overall size: 17 feet 7 inch L x 10 feet 9 inch H
- 11 feet ramp with a 6 feet 7 inch level extension for easy loading
- 3 feet 11 inches fixed loading height
- 2 feet 11 inches anti-slip walkway with a safety rail
- 2 access gates on the top to shut off the truck and/or ramp
- Detachable side walkway that can be placed on the left or right side
- Rubber contact points added to protect your ramp and truck

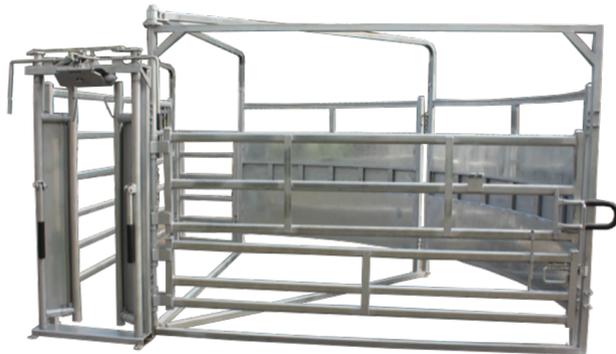

Length	Depth	Height	Weight
--------	-------	--------	--------

Heavy Duty Cattle Ramp CRHWK	17'7"	6'	10'9"	1984lb
-------------------------------------	-------	----	-------	--------

MATERNITY PEN

- Auto Head Catcher
- Split Gate Sweep Arm with Safety Latch
- Manual Slide Gate
- Rear Access Gate

	Length	Width	Height	Weight
Maternity Pen CPM	13'7"	12'2"	7'7"	1350lb

CATTLE GRID/CATTLE GRID WINGS

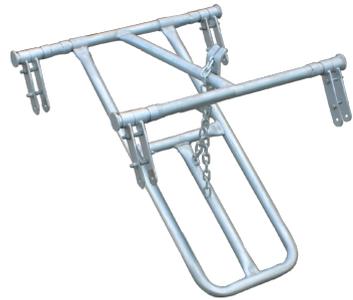

- Animal Friendly
- Tested to 20 Ton per axle
- Designed with 5 bearers and 12 rails
- Removable wings - SOLD SEPARATELY

		Width	Depth	Height	Weight
Cattle Grid	CG3	9'10"	7'2"	1'	966lb
Cattle Grid	CG4	13'1"	7'2"	1'	1001lb
Wings	CGW	6'11"		4'1"	159lb

CATTLE ANTI-BACKING BAR

- Mounts to alley panel rails
- Adjustable Height

		Length	Height	Weight
Cattle Anti-Backing Bar	CBAB	3'9"	3'	53lb

CATTLE PERMANENT POST

		Length	Width	Height
Cattle Permanent Post	CPP-8.3	2.56"	2.56"	8'6"

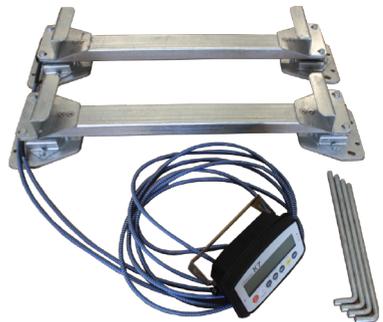

BUD BOX YARD

	Length	Width	Height	Weight
Bud Box CBBY-10	20'8"	15'11"	10'	2030lb

CATTLE SCALE LOAD BAR

- Works with all Brazen Chutes
- 5,000 kg/11,000 lbs capacity for heavy-duty performance
- Hot-dip galvanized & IP67-rated for durability in harsh conditions
- Compatible with Brazen and other leading indicators (no calibration needed)

Cattle Scale **CSB**

CATTLE PANELS 5 RAIL

Premium 5 Rail Panel

This strong heavy duty panel, is equipped with:

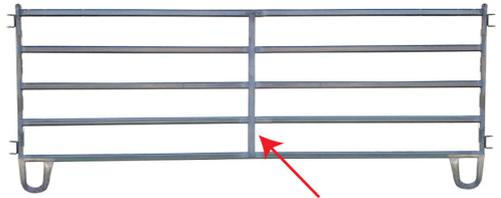

- 4.52" x 1.65"
- 2 SHS 2" x 2" posts
- 4 easy to connect lugs
- 2 holes for ground pins

All panels can be pre-ordered in Hot Dip Galvanized (HDG) after welding.

- Panels can be used for cattle and horses

PREMIUM OVAL 5 RAIL PANEL

Panel comes standard without the center strap & does not come installed.
12' PANEL WITH LOOP FEET STANDARD OVAL 5 RAILS, ROUND END POSTS, OPTIONAL CENTER BAR

		Uprights	Rails	Length	Height	Weight

BLIND SWEEP YARD

- The sweep yard allows the handler to push cattle into the alley system with minimal risk to the handler
- Innovative braking system stops the cattle from pushing the gate back therefore protecting the operator
- The curved layout works with the natural behavior of how cattle run and tend to circle back to where they came from
- Standard Slide Gate Included

CLOCKWISE SWEEP AVAILABLE

- When using a clockwise sweep yard and a standard chute, the sweep yard requires the walkway to allow operation from the outside in line with chute operation

		Width	Depth	Height	Weight

CATTLE

SWEEP YARD WITH CURVED EXIT

- **Reduced livestock stress:** The curved exit obscures cattle's line of sight to equipment in front (like chutes and head catcher), which reduces their stress and resistance/backing up, lowering the risk of injury to both animals and farmers.
- **Higher efficiency:** The curved exit works with the natural movement behavior of cattle, guiding them to move forward smoothly without frequent manual herding. This cuts handling time significantly.
- **Improved safety:** Limits animals' turning space, reducing close-contact risks for handlers.
- **Versatility:** Adapts to various livestock sizes and integrates seamlessly with Brazen pen systems.

SHEEP HANDLER

Extra alley panels and slide gates are sold separately and not included with the Sheep Handler.

SHEEP HANDLER
IN YARD

- Designed to Improve the efficiency of managing your sheep or goats
- Comes with 4 adjustment positions, to accommodate all stock sizes
- Comes with slide gate front and back
- Easy to tip sheep/goat up at a safe working height and do handling work
- Supplied in Flat Pack

	Length	Width	Height	Weight
Sheep Handler	5'9"	3'11"	3'11"	313lb

Sheep Handler **SGH**

SHEEP V 3 WAY DRAFT

- Manufactured from Galvanized Steel
- Fully Sheeted
- The 'V' profile minimizes the chance of small stock turning around in the alley
- Alley has full sheeted sides (prevents legs and heads from getting out, and improves stock flow)
- Alley is made without overhead bracing this eliminates the danger of an operator getting his arm caught between the yard and animal

		Length	Depth	Height	Weight
Sheep V	SRAFP	11'2"	1'9"	3'10"	485lb

SHEEP ALLEY BOW

		Width	Height	Weight
Sheep Alley Bow	SRBB	2'2"	3'7"	24lb

PREMIUM SHEEP PANEL

- Manufactured from Galvanized Steel
- Wide top rail for operator comfort when leaning over or accessing yard to yard
- Lamb proof rail spacing
- Panels can be used in permanent or portable applications

		Length	Height	Weight
Premium Sheep Panel 1.0	SPP1.0	3'3"	3'7"	29lb
Premium Sheep Panel 2.0	SPP2.0	6'6"	3'7"	53lb

Cradle Feeder with Rubber Sheet	FSC/R	9'6"	4'11"	3'6"	379lb

FSC/R Optional Rubber Sheet

AU ROUND HAY FEEDER

- Holds 6ft round bales
- Feeds up to 14 animals simultaneously

		Diameter	Height	Weight
AU Round Hay Feeder	FR	6'9"	3'5"	219lb

FEEDERS

ROUND BALE CRADLE FEEDER

- Full 1-1/4" OD pipe
- Holds 1x round bale

		Width	Depth	Height	Weight
Round Bale Cradle Feeder	FRC	5'5"	5'	4'	313lb

DUAL HAY FEEDER

- Holds 2x round bales or 1x large

		Width	Depth	Height	Weight
Dual Hay Feeder	FSCS	9'5"	7'3"	3'9"	282lb

HEAVY DUTY V TOP SQUARE FEEDER

		Width	Length	Height	Weight
Heavy Duty V Top Square Feeder	FSVHDH	5'5"	9'3"	4'5"	434lb

LARGE SHEEP FEEDER

- Overall size: 5'4" x 4'9" x 2'7" H
- Main frame made by 1.18" and square tube at 2 GA
- Supplied flat packed to be bolted together for ease of storage and delivery.
- Fully Galvanized

		Width	Depth	Height	Weight
Large Sheep Feeder	LSF	5'4"	4'9"	2'7"	171lb

SHEEP UK FEEDER

- Two corners bolted together and two corners connected with coupling bars
- Open bottom feeder
- 11.42" deep welded sheeted base to form skirting
- Supplied flat packed for ease of storage and delivery

	Width	Length	Height	Weight
Sheep UK Feeder SFUK	5'	9'	3'3"	209lb

SHEEP HANGING FEEDER

	Length	Width	Height	Weight
Sheep Hanging Feeder SF008	1'10"	1'	1'6"	9lb

SHEEP FEEDER WITH SKID

- Overall size: 2401L x 800D x 1200H
- 1200mm Height designed to assist any tractor job to lead hay easily
- Lip rolled to the outside means no feed build up, fresher feed and no mold.
- Formed so bunks can be set end-to-end or stacked for storage
- HDG rounded skid legs allow for easy movement in muddy conditions while providing lasting strength and reliability
- A distinctive design that helps to reduce hay wastage

	Length	Depth	Height	Weight
Sheep Feeder with Skid FSVT	7'9"	2'8"	3'11"	249lb

SHEEP TROLLEY FEEDER

- Ideal to keep the weather off stock-feed
- Reduces waste
- Supplied with 4x 10" wheels x 0.78" bore with rubber tire with 2'7½" wide lid c/w protex fastening and lid catch
- Double sided 3"x 3" hay-rack

		Width	Depth	Height	Weight
Sheep Trolley Feeder	FTS	4'7"	1'11"	2'3"	123lb

LICK FEEDER 5200L

- Unique barrel design increases strength and does away with the need for internal supports
- Sizes available
 - 5200 L (3.9 tonnes)
 - 4200 L (3.1 tonnes)
 - 3200 L (2.4 tonnes)
 - 2400 L (1.8 tonnes)
 - 800 L (0.6 tonnes)
- Fully adjustable
- Full top hinge opening lid
- 3 viewing feed level indicators
- Robust galvanized construction with fork slots for easy moving

Sizes are a general guide. Actual weight may vary slightly depending on the type and density of the grain, whether it's wheat, barley, sorghum, pellets, or other grains.

		Length	Width	Height	Weight
Lick Feeder 5200L	CLF52	9'7"	7'4"	5'2"	1145lb

RAISED DOG KENNELS

Standard Dog Kennels

- Available in single and double in both standard and raised
- Raised flooring composite boards with drainage gaps
- Sturdy construction and design
- Providing great protection for your pets

Materials:

Frame 30 x 30 x 1.6mm galvanized tube
 Mesh: 25 x 84mm with 3mm diameter
 Hot dip galvanized

DCSR

DCSR+DCRE

Budget Raised Dog Kennels

- No back door
- FRP (Fiber glass grating floor)
- Designed as modular, it can be set up into a single, double, triple, etc...
- Detachable mid-wall
- Comes in Flat pack version
- Anti-UV Trim Deck and flashing provided

All Brazen raised dog kennels feature an innovative modular design that easily expands from a single unit into double, triple, quadruple, or larger enclosures.

How To Recognize GENUINE BRAZZEN EQUIPMENT

BRAZZEN, OVER THE YEARS HAS BECOME A DOMINANT PLAYER IN THE LIVESTOCK EQUIPMENT INDUSTRY.

- 1 We pride ourselves in having excellent galvanizing and even our upright posts are hot dipped galvanized on all our panels which is important as this is the part that touches the ground.
- 2 All the gauges/tube wall thickness of our rails and posts are exactly the thickness as stated in our specifications.
- 3 Our workers pride themselves in their welding and you will see the difference with our welding compared with our competitors.
- 4 All our equipment has the anti-rattle rubbers where the pins join the Equipment.
- 5 Our 2.1m 6-rail Standard Panels are 36kg/79lbs in weight, the biggest deception with cheaper panels is the thin steel tube gauge which reflects in the weight of steel.
- 6 Some companies have cheap panels with only half a C-Lugs on one side to save on steel. When linked with other panels this is much weaker than the full C-Lugs. Beware of these inferior panels.

"If it is not Genuine Brazen there is no Brazen Warranty"

The factory manufacturing is controlled by Australians and so the quality control and the development are all looked after by Australians. Australia Livestock Equipment is known to be the most robust equipment throughout the world and a lot of Brazen equipment is used in the Northern Territory and the outback where buffalos and wild cattle and horses are penned and captured in Brazen Equipment.

We now have a lot of manufacturers starting to copy our equipment and trying to sell them as Brazen Equipment.

For you to recognize Genuine Brazen Equipment, you will see a logo on the cap on the top of the posts on our panels, you will see a Brazen sticker on the panels. A lot of our equipment will have the logo stamped in them.

If you have a ranch and would like to make another income we are looking for dealers. Reach out if this is something you are interested in.

Do please keep buying Brazen Equipment and make sure it is genuine.
